Please fill in as much information as possible about your border so that the planting design suits your needs. Photos are really appreciated and a quick sketch of the shape indicating any plants that are remaining is also useful. You can e-mail this form together with your sketch and photos or post everything to me.

## Some tips for your sketch

- Please measure the width and length of the border in metric measurements
- If the border is curved, measure the widest point and the shallowest point as well
- Indicate any existing plants or features that are to remain in the border
- Indicate north
- Indicate any paths directly next to the border

## Total size of border (width x length)

m<sup>2</sup>

## Boundaries

What are the boundaries next to or near the border? Is there a fence, hedge or wall or is the border an island bed? Indicate boundaries on your sketch as well.

Wall, including height

Wooden fence, including height

Hedge

Open boundary
